

# DATA LOGGING BOX & SOFTWARE SET RETRO FIT & MULTI USAGE

AB-DLB-150 / 200 / 400

## Technical data

	AB-DLB-150 / 200 / 400
Test pressure	1500 / 2000 / 4000 bar
Colour	Black
Test medium	Water, oil or gas
Frame material	Black pelican unbreakable instrument case
High and low pressure pipe work	Stainless steel
Low pressure connection	1/2" NPTF
Medium pressure connection (1500 bar)	9/16" MPF supplied complete with gland nuts and collars
High pressure connection	9/16" HPF supplied complete with gland nuts and collars
Weight	4.5 kg
Dimensions (mm)	300 x 248 x 184

## FEATURES & BENEFITS

- Inline data logging - Fast and easy to install
- Easy to use software - Fast and simple data storage and production of professional test certificates
- Single data logging box - Can be used for data collection on multiple test rigs

## OPTIONS

- Perma-Log data acquisition inline installation (full data logging kit supplied and installed without box)
- Adaptors are available on request

Concept, design and complete!
