

BRANDED MACHINES

TRUSTED TO PROMOTE YOUR BRAND

BRANDED MACHINES - PROMOTE YOUR BRAND

TRIED, TESTED AND TRUSTED!

Not everyone who works with Uniflex machines is aware of it. Many global companies trust Uniflex to brand and manufacture their machines under license. This ensures those companies can promote their brand, rely on the world renowned Uniflex quality and capture the aftermarket. As well as machines special die systems can be manufactured to minimise operational error and to "brand lock" customers into your chosen brand of hoses and fittings.

With reasonable quantities Uniflex can produce your perfect machine. Make sure you are backed by Uniflex with the know-how and expertise of the market leader!

The best return on Investment since 1972.
