

OILFIELD HOSE

SLIM HOLE ROTARY

Hose applications

#	 inch	 inch	 bar	 psi	 inch	 lbs / per ft
SHR2K-32	2	3.06	172	2,500	18	3.9
SHR2K-40	2 1/2	3.65	172	2,500	24	5.3
SHR2K-48	3	4.13	172	2,000	30	5.8

APPLICATIONS

Specifically designed for applications on portable drilling rigs, work-over-rigs, slim hole and seismograph rigs. It is a extremely flexible and durable hose.

FEATURES

- High pressure.
- Small diameter.
- Flexible.
- Lightweight.

CONSTRUCTION

Core tube: Black, oil and abrasion resistant Neoprene (CR). Suitable for oil and water based muds.

Pressure reinforcement: Three or four braids of high, tensile heavy gauge steel wire.

Outer cover: Pin pricked black, oil resistant and abrasion resistant Neoprene (CR).

FITTINGS

Male pipe or optional configurations as requested by customer. Integral 1502 Hammer Union Tails available.

TEMPERATURE RANGE

-40°F to 180°F.
