APPLICATIONS

Heavy-duty abrasion resistant suction applications where high temperature and abrasion are factors such as vacuum trucks or the handling of fresh ash, crushed rock, sand, pea gravel, or cement powder.

FEATURES

- Lightweight and flexible.
- Integral wire helix can be grounded.
- External helix provides easy drag.
- Rated up to 104°C / 220°F.

CONSTRUCTION

Core tube: EPDM rubber.
Pressure reinforcement: Polyethylene helix, metal helical wire, smooth bore, corrugated O.D.
Cover: Black.

TEMPERATURE RANGE

-40°C to 104°C.
 -40°F to 220°F.
