

HOSE & TUBE CLEANERS - SYSTEM ACCESSORIES

AB-JCPCU-20-01

AB-JC-32-001

AB-MI-8040, AB-CL-8040, AB-CO-8040

AB-JCPCU-20-01

PLC controlled construction confirming that the projectile passed the hose or pipe. With automatic stop / go-approval for the next projectile. Handles projectiles between 4-65 mm. Works with 2000-SA, JC-2010-PCU and 2500 APC.

AB-JC-32-001

Made of white plastic. Equipped with a 90° bend where you insert the output end. Built-in venting system for best performance. Holds 30 litres of used and dirty projectiles.

AB-CL-8050 (Bench stand)

Bench stand for Jetcleaner Classic. Made of nickel-plated aluminium. Screwed into the table at the workstation.

AB-MI-8040, AB-CL-8040, AB-CO-8040 (Guns and nozzles)

Carrying case for Jetcleaner Mini, Classic and Cobra.
