

EMI 150 | EMI 200

The new EMI 150 and EMI 200 industrial hose cutting machines from Uniflex are available for cutting of up to 6" (EMI 150) and up to 8" hoses (EMI 200). Their compact dimensions and robust design make these cutting machines well suited for small workshops as well as bigger production areas. The machines have wheels, so they can easily be moved to the hose instead of carrying heavy hoses around the workshop. Both devices are equipped with the specially coated TMC cutting blade, which substantially reduces the force required and the wear during cutting.

Each machine comes with a 2-year warranty for the best return on investment.

EMI 150

EMI 200

Technical Data	EMI 150	EMI 200
Production: SAE R 13 & SAE R 15	3"	3"

High-quality cutting blades:
TMC, TMG and TM.

TMC
Lasts 7 times longer, cuts
twice as fast, generates less
smoke, less debris in the hose
and less heat.

The best return on Investment since 1972.
