APPLICATIONS

Mandrel built bulk material suction and delivery hose suitable for abrasive materials such as cement, chalk, lime and abrasive powders with small granulometry. Abrasion loss according to ISO 4649:2017 : 50 mm³.

FEATURES

- 4:1 Safety Factor.

CONSTRUCTION

Core tube:	Black smooth conductive rubber, highly resistant to abrasion.
Pressure reinforcement:	High tensile textile piles, helix wire embedded, antistatic wire.
Cover:	Black, smooth, weather and abrasion resistant rubber. Fabric impression.

TEMPERATURE RANGE

-40°C to +70°C.
