APPLICATIONS

Mandrel built high temperature and high pressure steel reinforced compressed air hose. Heavy duty. Suitable for mining and yard operations.

FEATURES

- 3:1 Safety Factor.

CONSTRUCTION

Core tube:	Black smooth CSM oil and heat resistant rubber.
Pressure reinforcement:	High strength steel wire.
Cover:	Black, smooth rubber, weather, oil and abrasion resistant. Fabric impression.

TEMPERATURE RANGE

-40°C to +135°C.
