

FISHNET CLEANING HOSE

Built for harsh marine conditions –
high wear and pressure-resistance.

FISHNET CLEANING

High Pressure Fishnet Cleaning

Applications

Heavy duty cleaning hose suitable for 250 bar and temperatures ranging from -40 °C to 60 °C (-40 °F to 140 °F). Hose specifically designed for working in humid conditions without degrading ensuring increased lifetime. Available with BSP and / or NPT fitting combinations. Other end terminations upon request. Factory made assemblies only; please contact our sales office for further details.

Features

- Red cover impregnated into braid reinforcement for optimum wear resistance and longevity.
- Excellent crush and cut resistance.
- Available in long lengths.
- Even more lightweight.
- Cover resistant against micro-biological attack.
- Reduced bend radius.
- Fast operating speeds with low pressure drop.
- Made in Italy.
