

# REFLEX STEEL AIR 1200

## HIGH TEMP

REFLEX STEEL AIR 1200 - HIGH TEMP

### Product specifications

#									
	mm	inch		bar	psi	bar	psi		
RSA80-051	50.8	2	66.8	80	1,200	330	4,800	800	3.05
RSA80-076	76	3	91	80	1,200	330	4,800	920	3.82

### APPLICATIONS

Steel air high temperature bull hose, high temperature compressor hose with resistance to oil mist. Suitable for compressor hoses on drill rigs and elevated working temperatures.

### FEATURES

- Pin pricked CPE blue synthetic cover with abrasion and oil resistance.
- CPE tube provides resistance to oil-mist, mixed air, and inert fluids.
- Wire braid design provides increased flexibility and reduced weight.
- Safety factor: 4:1.
