APPLICATIONS

Steel air high temperature bull below hose, high temperature compressor hose with resistance to oil mist. Suitable for drill rigs and elevated working temperatures.

FEATURES

- Pin pricked yellow synthetic rubber abrasion and oil resistant.
- Synthetic NBR rubber, resistant to oil mist, mixed air and inert fluids.
- Wire braid design provides greater flexibility and reduced weight.
- Safety factor: 4:1.
- Temperature: -40°C to +135°C.
