SPURFLEX-SP4C-152	152	6	172	4	58	12	174	460	6.51	0.9		

APPLICATIONS

Mandrel built hose suitable for suction and delivery of industrial water with traces of hydrocarbons and chemical residues. Structure suitable for mounting on cassette of vacuum trucks.

CONSTRUCTION

Core tube: Black smooth synthetic rubber.
Pressure reinforcement: High tensile textile piles, helix wire embedded.
Cover: Black conductive $R < 1 \times 10^6 \Omega/m$, abrasion and weather resistant rubber. Corrugated cover with fabric impression.

TEMPERATURE RANGE

-20°C to +80°C.
