Applications

Ultra high pressure service for the construction and shipbuilding industries and for general industrial cleaning applications. For use with petroleum or synthetic hydraulic fluids, gas and chemical fluids. Especially suitable for hydraulic bolt tensioning equipment, test rigs, as well as in offshore hydraulic and gas applications.

Features

- Light weight and abrasion resistant thermoplastic hose
- Compact design

Construction

Core tube:	Polyamide.
Pressure reinforcement:	Six spiral layers of maximum tensile steel.
Cover:	Polyamide.
Colour:	Blue.

TEMPERATURE RANGE

-10°C up to +70°C.

Please Note: Variety of fittings in mild steel or stainless steel available, other fittings available on request. Abdex reserves the right to edit this document without notice.
